

STATIONERY

A STEADY STREAM
of stationery and office supplies flows from the store to our customers, and another stream replenishes the stock. This is kept up to a condition where betterment is impossible.

STATIONERY
from the best manufacturers in each line fills our shelves, and little money will transfer the ownership. The proof of the value is in the quality.

Dying of Famine

is, in its torments, like dying of consumption. The progress of consumption, from the beginning to the very end, is a long torture both to victim and friends. "When I had consumption in its first stage," writes Wm. Myers of Cearfoss, Md., "after trying different medicines and a good doctor in vain I at last took Dr. King's New Discovery, which quickly and perfectly cured me." Prompt relief and sure cure for coughs, colds, sore throat, bronchitis, etc. Positively prevents pneumonia. Guaranteed at the Red Cross Pharmacy. Pipes, 50c and \$1.00 per bottle. Trial bottle free.

Henrietta Crossman.

The double bill "Nance Oldfield" and "Madeline" in which Henrietta Crossman will appear at the Barre opera house soon, is one of the most popular in her repertoire. Combining as it does comedy and tragedy it gives Miss Crossman an opportunity to display her wonderful versatility. "Nance Oldfield" one of the most delightful of the old English comedies, is considered a classic. In it Miss Crossman has made one of her most pronounced successes. The tragedy of "Madeline" is by Mrs. W. K. Clifford of London, a writer of renown. It is powerful story of strong heart interest and has probably created more comment than any play yet produced by Miss Crossman.

Dr. Wood's Norway Pine Syrup seems especially adapted to the needs of the children. Pleasant to take; soothing in its influence. It is the remedy of all remedies for every form of throat and lung disease.

Ten thousand demons gnawing away at one's vitals couldn't be much worse than the tortures of itching piles. Yet there's a cure. Doan's Ointment never fails.

Measured Roads With Cyclometer.

The work of measuring the roads in the town of Hartford by means of a cyclometer attached to an automobile has been completed. The total number of miles was found to be 123 1/2, which is 1 1/2 miles more than has ever before been reported. The additional mileage is explained by the fact that within the last decade new roads have been laid out and not counted in, and secondly by the almost perfect accuracy of the work. Two hundred and twenty-one miles were gone over to ensure correctness. The town will be benefitted to the extent of something over \$100 by this measurement but the amount varies with the total sum received by the state from license liquor fees, and as the no-license towns increased at the last annual town elections the apportionment for the benefit of highways will not be as large as during the preceding year.
